CRANE® Baroque Cast Iron Radiators are available in four heights. The traditional 660mm or 26 inch casting is perhaps the most popular in this series because of its elegant proportions and suitability for most settings.

These beautiful cast iron radiators feature two columns of elegant scalloped decoration from the late Victorian period, delicately cast and with exquisite details. The stylised bohemian foliage extends from the middle of each section to the bottom of the feet and across the shoulders of each CRANE Cast Iron Radiator. A timeless design classic, made using original moulds using traditional techniques. CRANE Cast Iron Radiators have been used in stately homes and the finest homes since the early years of the 20th century.

This traditional range of cast iron radiators have a 100 year guarantee on all castings, a level of confidence that is only available with CRANE cast iron radiators.
